3rd and 4th Grade Placement Test - Attempt 1

Child Name : Mahek1 Agrawal

Parent Name : Vinod Agrawal

Date Test Completed 07/08/2011

Grade Level Selected : 3rd & 4th Grade Math

Dear Parent and Student,

Thank you for taking the FREE Math Placement Test with A+ TutorSoft, Inc. We provide this FREE service to help you identify the areas of strengths and weaknesses in each one of the core MATH areas. It is absolutely critical that a child has mastery of all the fundamental core MATH skills that are tested in our FREE math placement tests. Having mastery of the core MATH skills will increase chances for success in math courses for higher grade levels as well as prepare a child to complete in today's global marketplace.

The results of this test are good indication of where your child is in mastering core math skills compared to the recommended level of performance for this test. This report provides a summary of your child's performance on the placement test for the grade level you have selected along with recommendation on the products that will help your child master the areas of weaknesses if any.

Please note that our FREE online system allows you to enroll all your students to take the age-appropriate placement tests and it will allow you to track all your children's progress using a single login to our online system. Also, please note that your child can take the placement test as often as desired and our automatic instant grading and performance tracking system will allow you to track child's progress over time. Each time a child takes the test, a new set of questions are given that covers the same basic core MATH areas. All you will need is the login credentials you used when you registered for the FREE placement test. Your child will also be

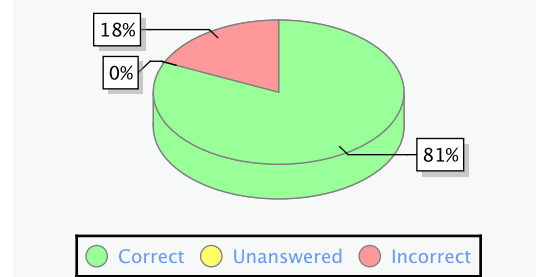

3rd Grade MATH Performance Report

Summary Report:

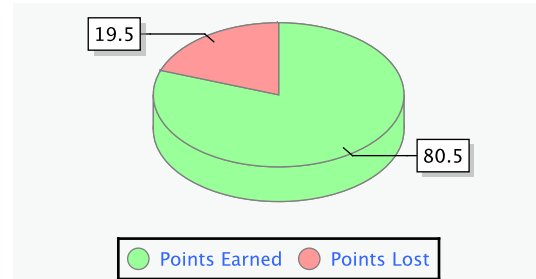

This report describes a summary of child's performance on the MATH placement test in tabular as well as the graphical format for easy interpretation.

3rd Grade MATH		
Correct	49	81%
Unanswered	0	0%
Incorrect	11	18%
Total	60	100%

Total Points Earned:

3rd Grade MATH	
Points Earned	80.5
Total	100.0

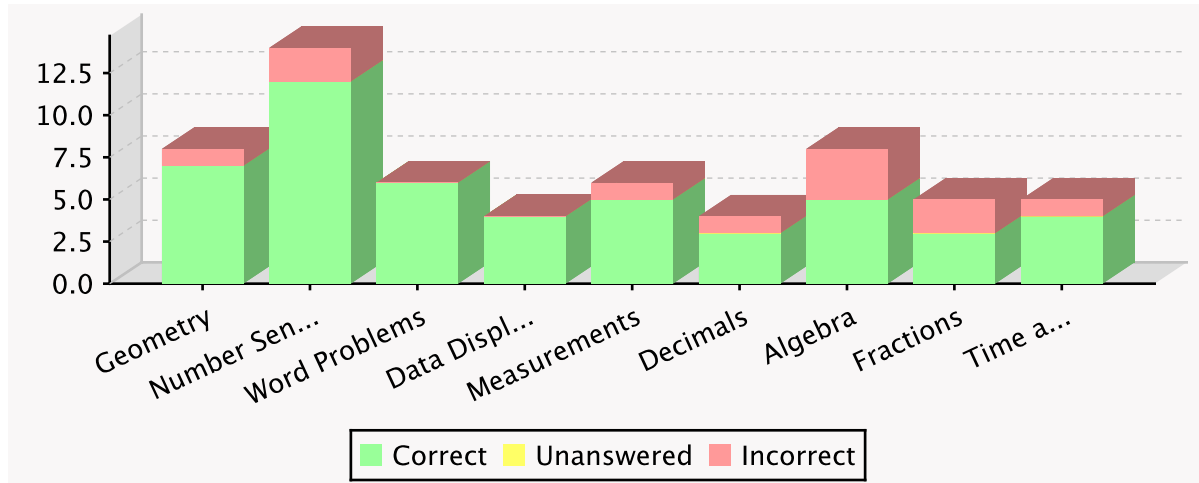

Category Report based on Number of Questions:

This report describes your child's performance in each one of the major core MATH skill set area.

3rd Grade MATH				
Category Name	Correct	Unanswered	Incorrect	Total
Geometry	7	0	1	8
Number Sense and Arithmetic Operations	12	0	2	14
Word Problems	6	0	0	6
Data Display Using Graphs	4	0	0	4
Measurements	5	0	1	6
Decimals	3	0	1	4
Algebra	5	0	3	8
Fractions	3	0	2	5
Time and Money	4	0	1	5

Number of Questions vs Category

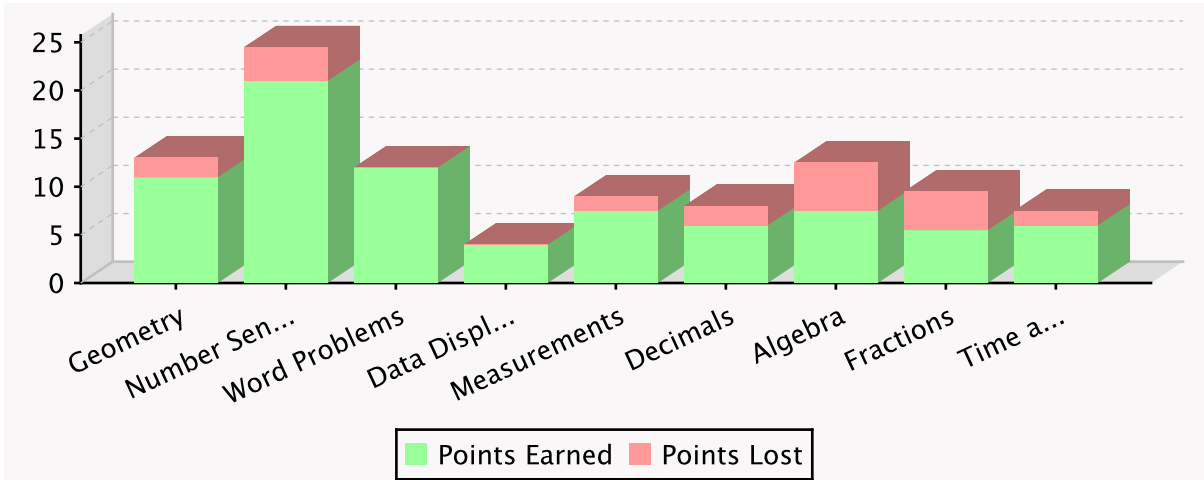

Category Report based on Points Earned:

This report describes your child's performance in each one of the major core MATH skill set area.

3rd Grade MATH			
Category Name	Points	Points Lost	Total
Geometry	11.0	2.0	13.0
Number Sense and Arithmetic Operations	21.0	3.5	24.5
Word Problems	12.0	0.0	12.0
Data Display Using Graphs	4.0	0.0	4.0
Measurements	7.5	1.5	9.0
Decimals	6.0	2.0	8.0
Algebra	7.5	5.0	12.5
Fractions	5.5	4.0	9.5
Time and Money	6.0	1.5	7.5

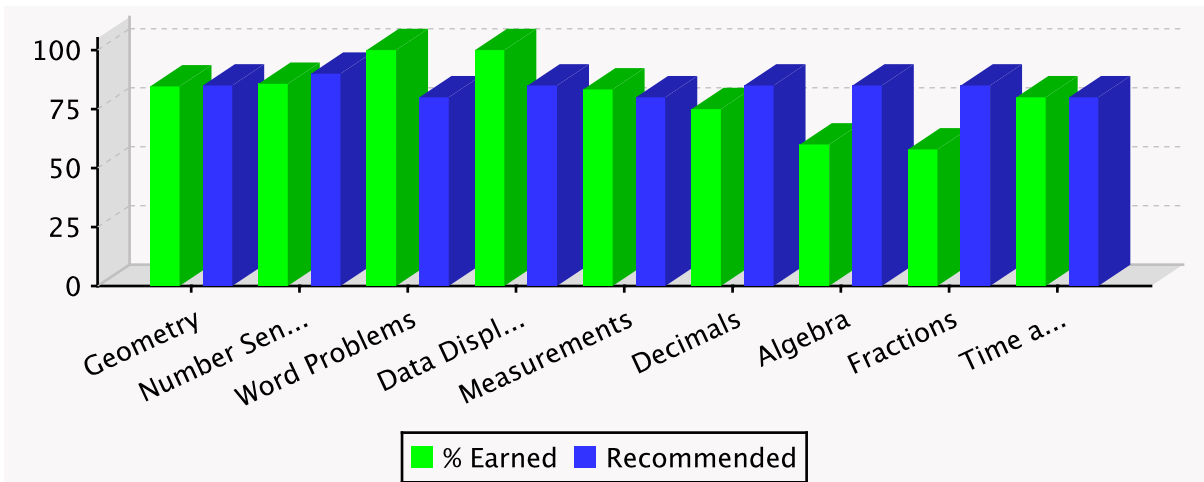

Points Earned vs Category

Comparison Report:

This report describes your child's performance compared to our recommended level of performance for each one of the core MATH skill set area for the selected grade level

% Earned vs Recommended Level

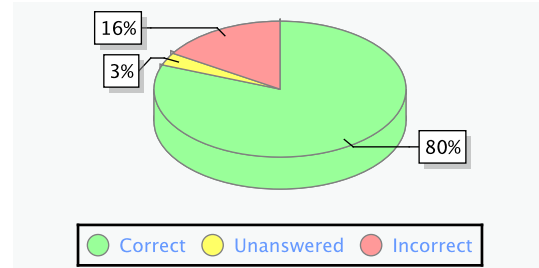

4th Grade MATH Performance Report

This report describes a summary of child's performance on the MATH placement test in tabular as well as the graphical format for easy interpretation.

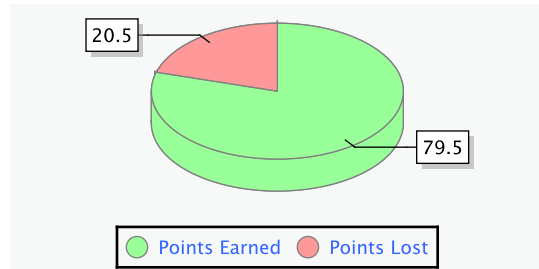

Summary Report:

4th Grade MATH		
Correct	48	80%
Unanswered	2	3%
Incorrect	10	16%
Total	60	100%

Total Points Earned:

4th Grade MATH	
Points Earned	79.5
Total	100.0

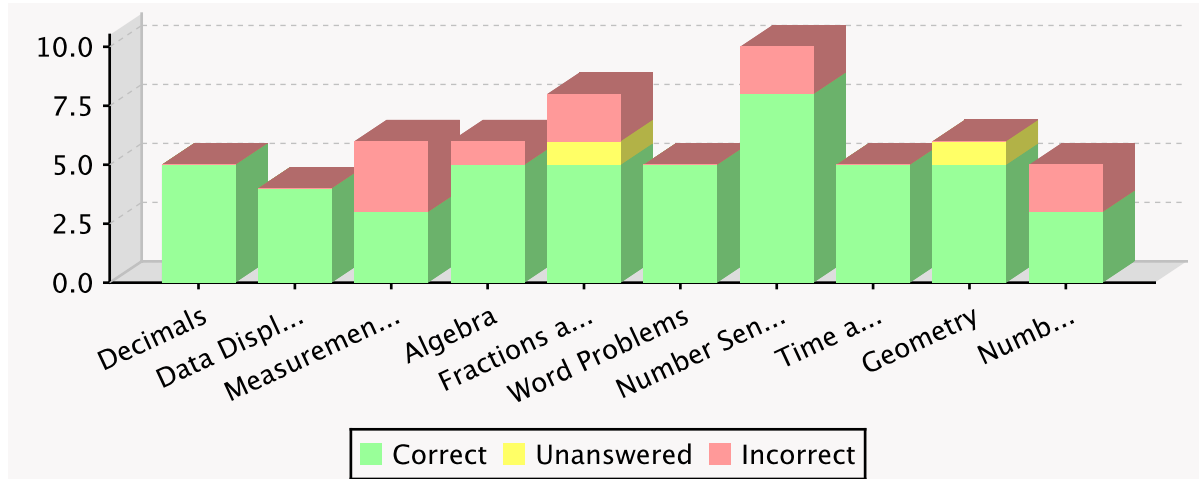

Category Report based on Number of Questions:

This report describes your child's performance in each one of the major core MATH skill set area.

4th Grade MATH				
Category Name	Correct	Unanswered	Incorrect	Total
Decimals	5	0	0	5
Data Display Using Graphs	4	0	0	4
Measurements and Conversions	3	0	3	6
Algebra	5	0	1	6
Fractions and Mixed Numbers	5	1	2	8
Word Problems	5	0	0	5
Number Sense and Arithmetic Operations	8	0	2	10
Time and Money	5	0	0	5
Geometry	5	1	0	6
Number Comparison and Conversions	3	0	2	5

Number of Questions vs Category

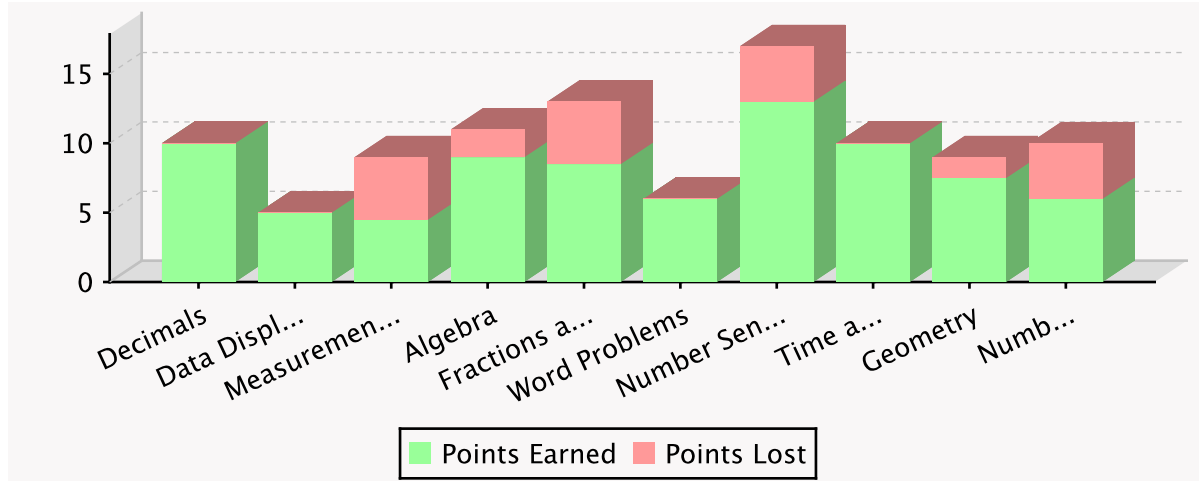

Category Report based on Points Earned:

This report describes your child's performance in each one of the major core MATH skill set area.

4th Grade MATH			
Category Name	Points	Points Lost	Total
Decimals	10.0	0.0	10.0
Data Display Using Graphs	5.0	0.0	5.0
Measurements and Conversions	4.5	4.5	9.0
